

3 in 1 DisplayPort to HDMI VGA DVI Adapter

Description:

This adapter effortlessly bridges your DisplayPort-compatible devices, be it computers, laptops, or set-top boxes, to an expansive range of HDTVs, monitors, or projectors using HDMI, DVI, or VGA ports.

You can revel in pristine visuals, with the HDMI output supporting a lavish 4K*2K@30Hz resolution and both DVI and VGA not far behind at 1080P@60Hz.

Crafted with gold-plated contacts and a shell and fortified with a triple-shielded structure, the plug-and-play adapter promises longevity and durability.

Whether mirroring or extending displays, it makes it seamless, standing proudly compliant with RoHS and REACH standards.
